

## 2019 Registration

Registration this year is all on line through the new rugby Xplorer app.

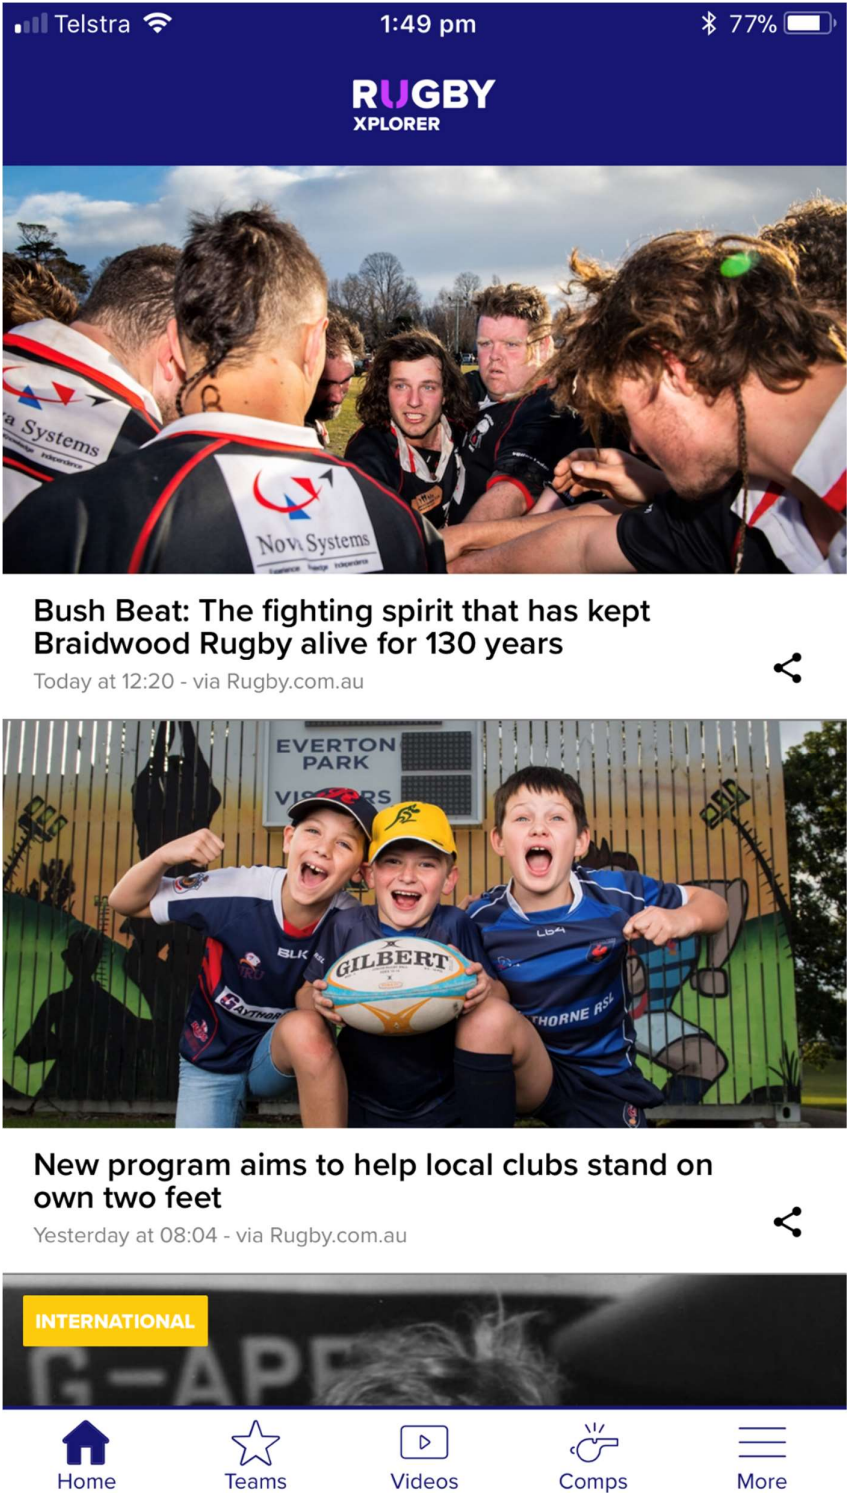

You need to first download the app from the app store or google play on your smart phone or tablet.

Please search for Rugby Xplorer and download the app. Once you have downloaded the app it will look like this.

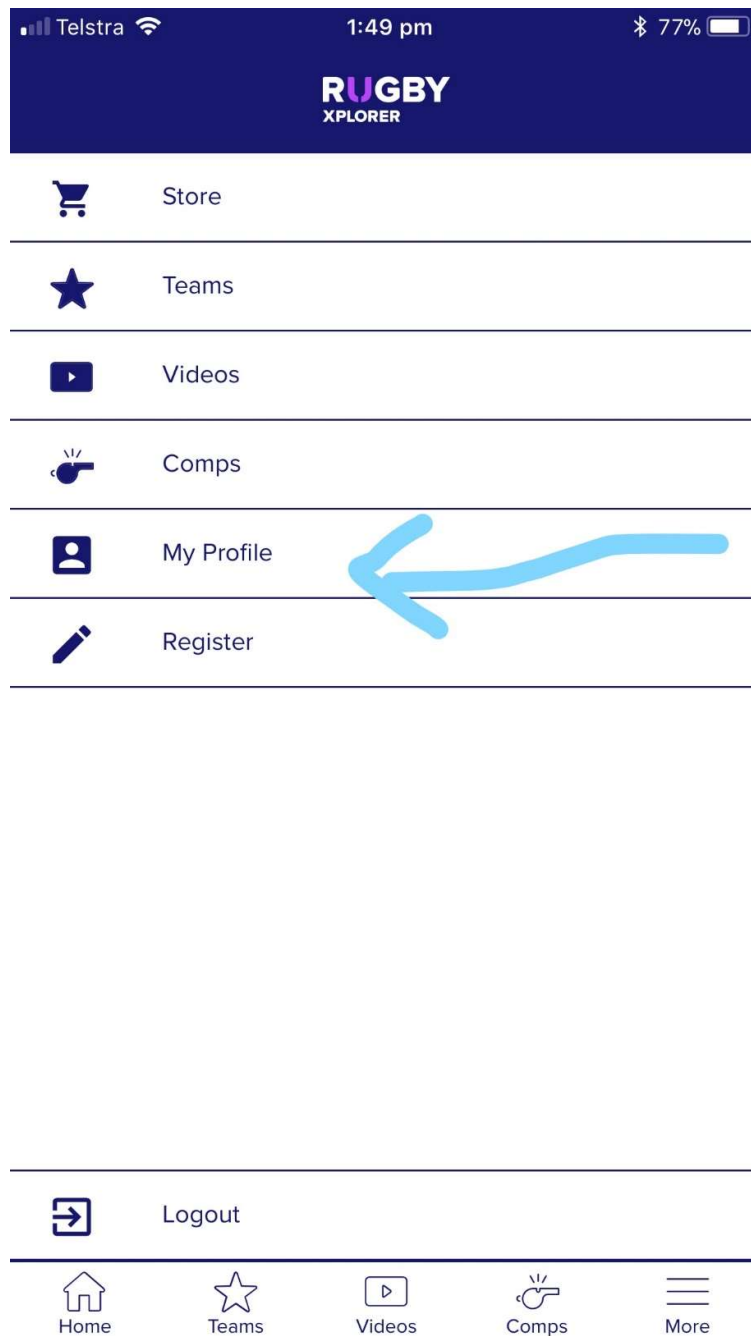

The rugby Xplorer app is circled

When you open the app it will look like this with rugby news feed:

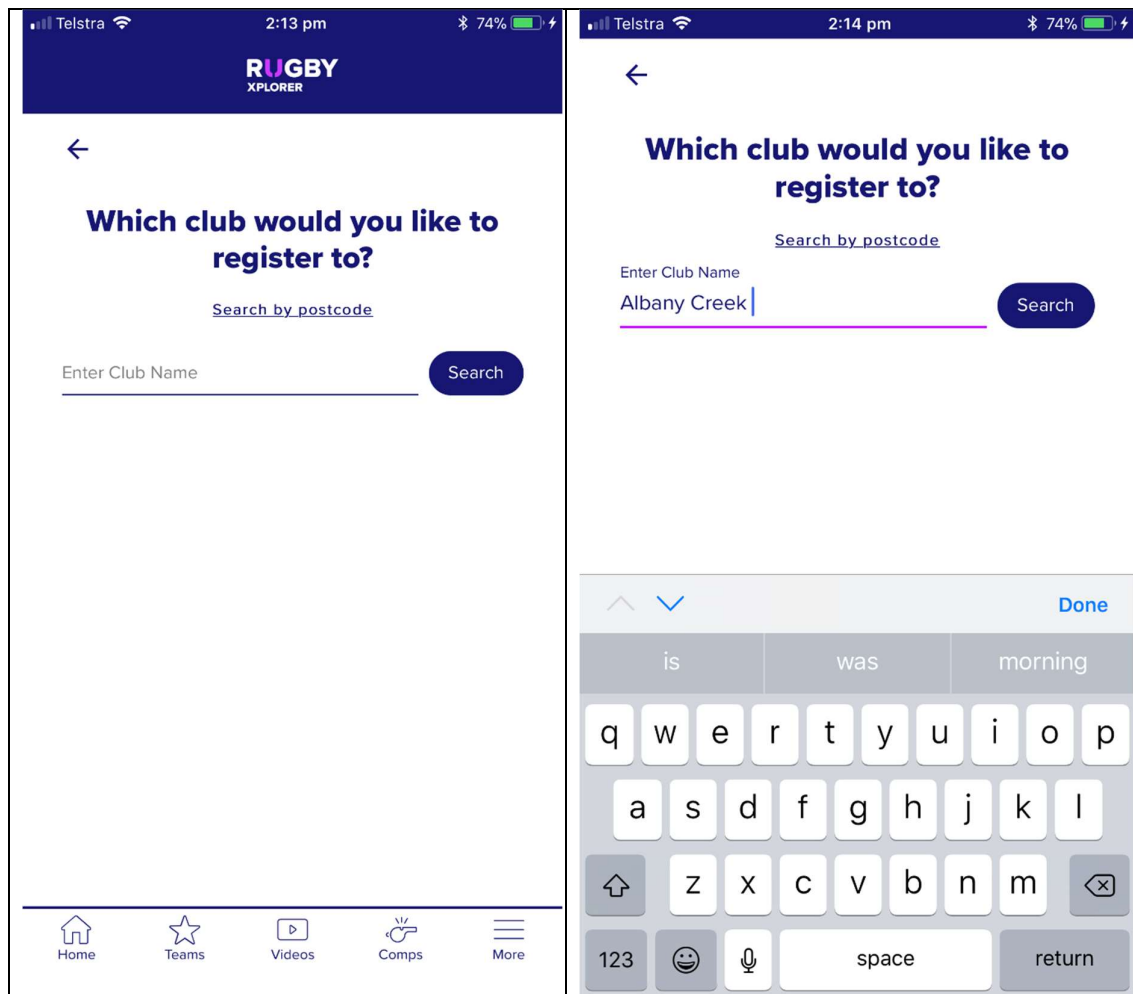

Follow the details in the attached pdf to find your previous login and open this. It will send you an email you can then use to setup your own unique password that links all your accounts together.

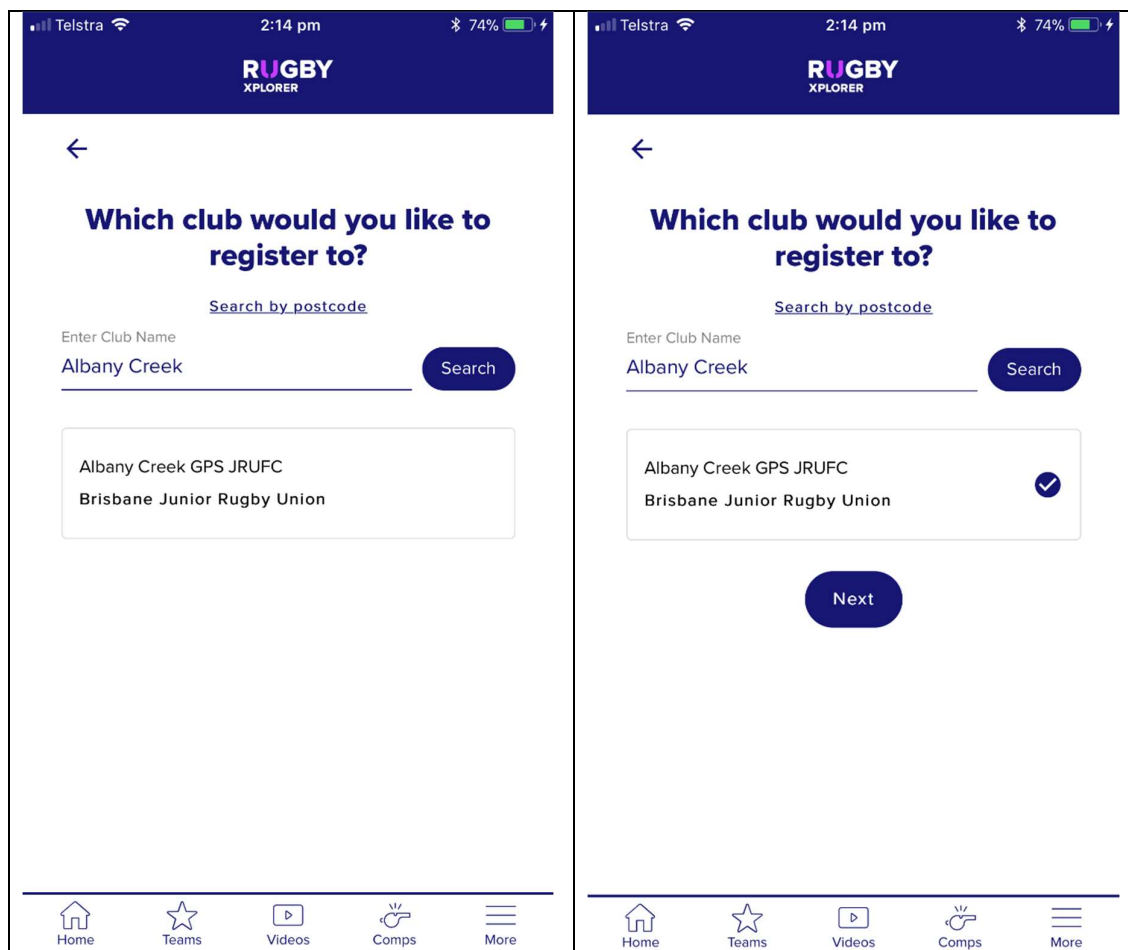

Then go to the “more” button on the bottom left and then go to my profile. This is where you should be able to search for yourself and align this with your app.

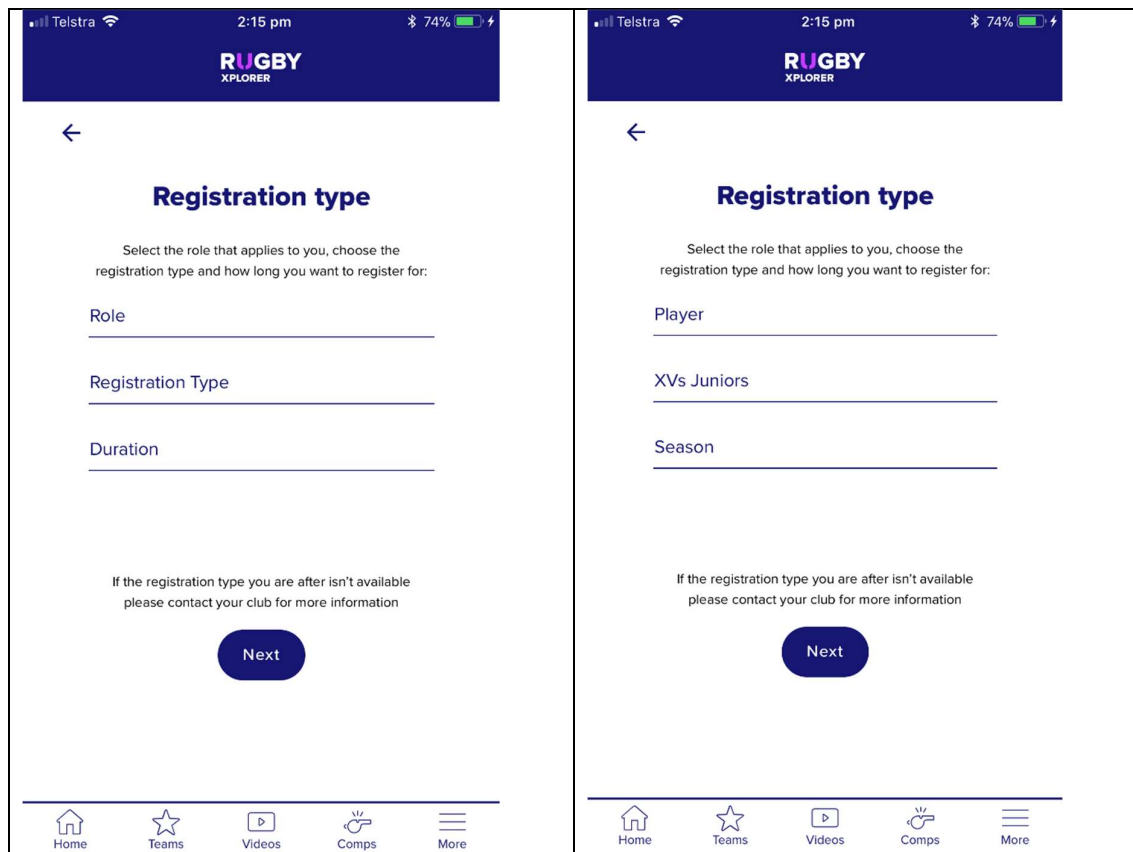

After this and from the 10<sup>th</sup> January go to the registration link in the app. Click on the person you wish to register and then next. The following screen shots show the process from there. You will get to the screen below, type in Albany Creek

It will come up with “Albany Creek GPS JRUFC”, click on that and continue

With the registration page click on role and choose player and registration type is XV's Junior for Under 8-17 and Under 6-7's are under "Modified Rugby Program". The duration is Season, though for those after monthly payments. This will be made available from 1<sup>st</sup> February.

Once you have gone through the next few pages adding contact details etc, you will come to the payment page and this is done by credit card and then it is all done. If you need to register additional children you should then be able to do this once the process is complete.

If there are any issues please email [registrar@albanycreekgps.com.au](mailto:registrar@albanycreekgps.com.au)
